FOR IMMEDIATE RELEASE

PetFlex® AFD (Absorbent Foam Dressing) All-in-One Wound Management System Introduced

New Foam Pad and Cohesive Bandage System is Quick, Easy and Cost Effective

Salisbury, MA (November 27, 2007) – Andover Healthcare, Inc. today announced the introduction of PetFlex AFD, an all-in-one foam pad dressing and cohesive bandage for small animal use.

PetFlex AFD is a cost-effective bandage system with a variety of applications including the fast, effective treatment of lacerations and wounds. A highly absorbent foam pad is attached to soft, flexible EasyTear® PetFlex for quick and easy application. A waterproof film layer between the PetFlex and foam pad prevents leakage and contamination. PetFlex AFD provides controlled compression and will not constrict. PetFlex AFD is available in white with blue paws in sizes 2" x 2.5" yds. and 4" x 2.5 yds.

For electronic pictures, a free sample or for more information on PetFlex AFD, please call 800.432.6686 or email mdube@andoverhealthcare.com

U.S. Patent No. 5.762.623
