## **FOR IMMEDIATE RELEASE**

### **PowerFlex® AFD (Absorbent Foam Dressing) All-in-One Wound Management System Introduced**

*New Foam Pad and Cohesive Bandage System is Quick, Easy and Cost Effective*

Salisbury, MA (November 27, 2007) – Andover Healthcare, Inc. today announced the introduction of PowerFlex AFD, an all-in-one foam pad dressing and cohesive bandage for equine use.

PowerFlex AFD is a cost-effective bandage system with a variety of applications including the fast, effective treatment of lacerations and wounds. A highly absorbent foam pad is attached to strong, flexible hand-tear PowerFlex for quick and easy application. A waterproof film layer between the PowerFlex and foam pad prevents leakage and contamination and can be used to cover MRSA infections. PowerFlex AFD provides controlled compression and will not constrict. PowerFlex AFD is available in black in size 4" x 2.5 yds.

For electronic pictures, a free sample or for more information on PowerFlex AFD, please call 800.432.6686 or email [mdube@andoverhealthcare.com](mailto:mdube@andoverhealthcare.com)
